Quality features of the BURG-WÄCHTER Padlocks

Padlock with protection against drilling

Double bolted shackle. For additional security against pulling.

Padlocks with a very high protection against pulling

"Hardened" stands for all padlocks with hardened shackle, independent from its diameter.

Protection against nipping: Padlocks with thicker shackles (as from 8mm on) and models with concealed shackle

Rust-proof locking mechanism - for a long and reliable operation

Totally rustproof

This model is available in keyed alike version

Resettable combination

- Shackle Ø (mm)
- Horizontal clearance (mm)
- Vertical clearance (mm)
- Total height
- Key blank no.
- Packing unit
