TRAVEL SENTRY®

Look for the Red Diamond.

Travel Sentry® Approved locks and luggage enable airport security officers to open luggage for physical inspection when required without the need to cut off or break open locks. This means that passenger luggage can be left securely locked for the entire trip and not delayed or damaged for security inspection.

Snap+Lock

Cable lock with solid body and resettable combination lock

- Resettable combination
- Versatile use for bikes, luggage, garden furniture, computer hardware, sport equipment like skis and snowboards, etc.
- The cable of 2 m length can be drawn through different objects and can be tightened individually. Thus, these objects are fast and practically secured against „removal“ and theft
